INDEPENDENT AUDITOR'S REPORT

Board of Directors
Willow Point Municipal
Utility District
Fort Bend and Waller Counties, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Willow Point Municipal Utility District (the "District"), as of and for the year ended May 31, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Board of Directors Willow Point Municipal Utility District

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of May 31, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide any assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

McCall Gibson Swedlund Barfoot PLLC Certified Public Accountants Houston, Texas

September 6, 2018

Management's discussion and analysis of Willow Point Municipal Utility District's (the "District") financial performance provides an overview of the District's financial activities for the year ended May 31, 2018. Please read it in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all of the District's assets and liabilities, and if applicable, deferred inflows and outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the period. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI"). A budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, liabilities exceeded assets by \$10,474,090 as of May 31, 2018.

A portion of the District's net position reflects its net investment in capital assets (water and wastewater facilities, less any debt used to acquire those assets that is still outstanding). The District uses those assets to provide water and wastewater services. The following is a comparative analysis of government-wide changes in net position.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of May 31, 2018, were \$1,822,985, an increase of \$613,764 from the prior year.

The General Fund fund balance increased by \$328,226 from the prior year, primarily due to tax and operating revenues exceeding the costs of operation expenditures.

The Debt Service Fund increased by \$278,671, primarily due to the structure of the District's outstanding debt and the issuance of bonds.

The Capital Projects Fund fund balance increased by \$6,867, primarily due to proceeds from the sale of the Series 2017 Road bonds exceeding capital outlay costs.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors did not amend the budget during the current year. Actual revenues were \$112,278 more than budgeted revenues primarily due to higher than anticipated revenues across most categories, offset by lower than anticipated maintenance taxes. Actual expenditures were \$91,246 more than budgeted expenditures primarily due to higher than anticipated costs across most categories.

CAPITAL ASSETS

Capital assets as of May 31, 2018, total \$12,247,044 (net of accumulated depreciation). These capital assets include the water and wastewater systems, and park assets. Roads are conveyed to the County upon completion.

Capital Assets At Year-End, Net of Accumulated Depreciation

·	2018	2017	(Change Positive (Negative)
Capital Assets Not Being Depreciated: Land and Land Improvements Capital Assets, Net of Accumulated	\$ 763,848	\$ 763,848	\$	
Depreciation: Water System Wastewater System Drainage System Park Assets	 2,748,663 2,709,400 5,992,376 32,757	 2,854,103 2,774,514 6,136,529 34,837		(105,440) (65,114) (144,153) (2,080)
Total Net Capital Assets	\$ 12,247,044	\$ 12,563,831	\$	(316,787)

LONG-TERM DEBT ACTIVITY

At year-end, the District had total bond debt payable of \$10,980,000. The changes in the debt position of the District during the fiscal year ended May 31, 2018, are summarized as follows:

Bond Debt Payable, June 1, 2017	\$ 8,590,000
Add: Bond Sale - Series 2017 Road	2,500,000
Less: Bond Principal Paid	 110,000
Bond Debt Payable, May 31, 2018	\$ 10,980,000

The Series 2015, Series 2017, and Series 2017 Road bonds do not carry an underlying rating or an insured rating.

CONTACTING THE DISTRICT'S MANAGEMENT

This financial report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Willow Point Municipal Utility District, c/o Sanford Kuhl Hagan Kugle Parker Kahn LLP, 1980 Post Oak Boulevard, Suite 1380, Houston, TX 77056.

WILLOW POINT MUNICIPAL UTILITY DISTRICT RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED MAY 31, 2018

Net Change in Fund Balances - Governmental Funds	\$ 613,764
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	10,741
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	(327,207)
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.	2,097,866
Developers may construct certain assets that are reimbursable by the District but will be conveyed to other entities. This conveyance does not impact the governmental funds but is reflected in the Statement of Activities.	(1,005,331)
Governmental funds report bond principal payments as expenditures. However, in the Statement of Net Position, bond principal payments are reported as decreases in long-term liabilities.	110,000
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.	(13,508)
Governmental funds report bond proceeds as other financing sources. Issued bonds increase long-term liabilities in the Statement of Net Position.	 (2,500,000)
Change in Net Position - Governmental Activities	\$ (1,013,675)

NOTE 1. CREATION OF DISTRICT

Willow Point Municipal Utility District (the "District") was created and is operating pursuant to a special act of the 83rd Texas Legislature, now codified at Chapter 8413 of the Texas Special District Local Laws Code, June 14, 2013, in accordance with the Texas Water Code, Chapter 54. The District operates in accordance with Chapters 49 and 54 of the Texas Water Code and is subject to the continuing supervision of the Texas Commission on Environmental Quality (the "Commission"). The principal functions of the District are to finance, construct, own and operate waterworks, wastewater and drainage facilities, recreational facilities and road facilities and to provide such facilities and services to the customers of the District.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying basic financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB"). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether or not an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District's financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting ("GASB Codification").

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

• Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

- Restricted Net Position This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current period revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide statements. The fund statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The District has three governmental funds and considers each to be a major fund.

<u>General Fund</u> - To account for resources not required to be accounted for in another fund, customer service revenues, costs and general expenditures.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental Funds (Continued)

<u>Debt Service Fund</u> – To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

<u>Capital Projects Fund</u> – To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include taxes collected during the year and taxes collected after year-end which were considered available to defray the expenditures of the current period. Deferred inflows of resources related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Interest costs, including developer interest, engineering fees and certain other costs are capitalized as part of the asset.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets (Continued)

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$5,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Water System	10-45
Wastewater System	10-45
Drainage System	10-45
All Other Equipment	3-20

Budgeting

In compliance with governmental accounting principles, the Board of Directors annually adopts an unappropriated budget for the General Fund. The budget was not amended during the current period.

Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service has determined that fees of office received by Directors are considered to be wages subject to federal income tax withholding for payroll purposes only.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District does not have any nonspendable fund balances.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. LONG-TERM DEBT

	Series 2015	Series 2017	Series 2017 Road
Amount Outstanding – May 31, 2018	\$5,410,000	\$3,070,000	\$2,500,000
Interest Rates	2.00% - 4.20%	1.75% - 4.00%	2.00% - 4.00%
Maturity Date	September 1, 2018/2041	September 1, 2018/2042	September 1, 2019/2042
Interest Payment Dates	September 1/ March 1	September 1/ March 1	September 1/ March 1
Callable Dates	September 1, 2022*	September 1, 2023*	September 1, 2023*

^{*} Or any date thereafter at a price of par plus unpaid accrued interest in whole or in part, at the option of the District. Series 2015 term bonds maturing on September 1, 2032, September 1, 2035, September 1, 2038, and September 1, 2041, are subject to mandatory redemption by random selection beginning September 1, 2030, September 1, 2033, September 1, 2036, and September 1, 2039, respectively. Series 2017 term bonds maturing September 1, 2033, September 1, 2039, and September 1, 2042, are subject to mandatory redemption by random selection beginning September 1, 2031, September 1, 2034, and September 1, 2040, respectively. Series 2017 Road term bonds maturing on September 1, 2042 are subject to mandatory redemption by random selection beginning September 1, 2035.

The following is a summary of transactions regarding bonds payable for the year ended May 31, 2018:

	 June 1, 2017		Additions Retirements				May 31, 2018		
Bonds Payable	\$ 8,590,000	\$	2,500,000	\$	110,000	\$	10,980,000		
		Amount Due Within One Year Amount Due After One Year		\$	245,000 10,735,000				
		Bon	ds Payable			\$	10,980,000		

As of May 31, 2018, the District has authorized and unissued bonds in the amount of \$87,910,000 for water, wastewater and drainage facilities, authorized but unissued bonds in the amount of \$7,000,000 for recreational facilities, and authorized and unissued bonds in the amount of \$38,500,000 for roads. The District has authorized and unissued refunding bonds totaling one and one-half times the bond authorizations.

NOTE 3. LONG-TERM DEBT (Continued)

As of May 31, 2018, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	Principal		 Interest		Total
2019	\$	245,000	\$ 387,889	\$	632,889
2020		350,000	382,096		732,096
2021		355,000	374,921		729,921
2022		365,000	366,646		731,646
2023		370,000	356,746		726,746
2024-2028		1,970,000	1,609,786		3,579,786
2029-2033		2,210,000	1,249,385		3,459,385
2034-2038		2,555,000	788,345		3,343,345
2039-2043		2,560,000	237,098		2,797,098
	\$	10,980,000	\$ 5,752,912	\$	16,732,912

During the year ended May 31, 2018, the District levied an ad valorem debt service tax rate of \$0.80 per \$100 of assessed valuation, which resulted in a tax levy of \$564,686 on the adjusted taxable valuation of \$70,585,812 for the 2017 tax year. The bond order and bond resolution required the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 6 for the maintenance tax levy.

The District's tax calendar is as follows:

Levy Date - October 1 or as soon thereafter as practicable.

Lien Date - January 1.

Due Date - Not later than January 31.

Delinquent Date - February 1, at which time the taxpayer is liable for penalty and interest.

NOTE 4. SIGNIFICANT BOND RESOLUTIONS AND LEGAL REQUIREMENTS

- A. The District is required by the Securities and Exchange Commission to provide continuing disclosure of certain general financial information and operating data with respect to the District to the Municipal Securities Rulemaking Board. This information, along with the audited annual financial statements, is to be provided within six months after the end of each fiscal year and shall continue to be provided through the life of the bonds.
- B. In the bond resolutions, the District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the Bonds, within the meaning of Section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on the five year anniversary of each use.

NOTE 4. SIGNIFICANT BOND RESOLUTIONS AND LEGAL REQUIREMENTS (Continued)

C. In accordance with the Series 2015 bond, Series 2017, and Series 2017 Road bond resolutions, a portion of the bond proceeds were deposited into the Debt Service Fund and reserved for the payment of bond interest during the construction period. This bond interest reserve is reduced as the interest is paid. Transactions for the current year are summarized as follows:

Bond Interest Reserve – June 1, 2017	\$ 268,340
Add: Bond Issue – Series 2017 Road	169,650
Less: Interest – Series 2015, Series 2017, Series 2017 Road	 (273,868)
Bond Interest Reserve – May 31, 2018	\$ 164,122

NOTE 5. DEPOSITS AND INVESTMENTS

<u>Deposits</u>

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At year end, the carrying amount of the District's deposits was \$90,525 and the bank balance was \$92,261. The District was not exposed to custodial credit risk at year-end.

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at May 31, 2018, as listed below:

	 Cash
GENERAL FUND	\$ 53,456
DEBT SERVICE FUND	36,969
CAPITAL PROJECTS FUND	 100
TOTAL DEPOSITS	\$ 90,525

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

<u>Investments</u>

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in TexPool, an external investment pool that is not SEC-registered. The State Comptroller of Public Accounts of the State of Texas has oversight of the pool. Federated Investors, Inc. manages the daily operations of the pool under a contract with the Comptroller. TexPool meets the criteria established in GASB Statement No. 79 and measures all of its portfolio assets at amortized cost. As a result, the District also measures its investments in TexPool at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from TexPool.

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

<u>Investments</u> (Continued)

As of May 31, 2018, the District had the following investments and maturities:

Fund and Investment Type	Fair Value	Maturities of Less Than 1 Year			
GENERAL FUND TexPool	\$ 895,792	\$ 895,792			
DEBT SERVICE FUND TexPool	841,844	841,844			
CAPITAL PROJECTS FUND TexPool	114,794	114,794			
TOTAL INVESTMENTS	\$1,852,430	\$1,852,430			

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At May 31, 2018, the District's investment in TexPool was rated AAAm by Standard and Poor's.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investment in TexPool to have a maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the District, unless there has been a significant change in value.

Restrictions

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

NOTE 6. MAINTENANCE TAX

On November 5, 2013, the voters of the District approved the levy and collection of a maintenance tax in an amount not to exceed \$1.50 per \$100 of assessed valuation. This maintenance tax is to be used to pay expenditures of operating the District. During the year ended May 31, 2018, the District levied a maintenance tax of \$0.70 per \$100 of assessed valuation resulting in a levy of \$494,101 on the adjusted taxable valuation of \$70,585,812 for the 2017 tax year.

NOTE 6. MAINTENANCE TAX (Continued)

On November 5, 2013, the voters of the District approved the levy and collection of a parks and recreational maintenance tax in an amount not to exceed \$0.10 per \$100 of assessed valuation. During the current year, the District did not levy a parks and recreational maintenance tax.

NOTE 7. CAPITAL ASSETS

Capital asset activity for the year ended May 31, 2018:

		June 1,					May 31,
		2017	I	ncreases	I	Decreases	2018

Total Capital Assets, Net of Accumulated							
Depreciation	\$	12,563,831	\$	(316,787)	\$	- 0 -	\$ 12,247,044

Roadways constructed by the District are accepted by either Fort Bend County or Waller County for maintenance and operation. The roadways conveyed had a total cost to the District in the amount of \$8,370,391, including \$1,005,331 conveyed in the current year.

NOTE 8. UNREIMBURSED COSTS

In accordance with the terms of development financing agreements, Developers within the District have made expenditures on behalf of the District for various projects. As of May 31, 2018, the District recorded amounts due to Developer of \$13,360,969, for completed projects. Since inception, the Developers have also made operating advances totaling \$538,171. Of these advances, \$404,304 has been reimbursed. Reimbursement for project costs and operating advances will come from proceeds of future bond sales, as allowed by the Commission.

NOTE 9. SEWAGE TREATMENT PLANT LEASE

On November 26, 2013, the District entered an agreement with AUC Group, LP (AUC) to operate and maintain a sewage treatment plant to serve customers of the District. The agreement calls for AUC to operate a Phase I sewage treatment plant capable of treating an average daily flow of 100,000 gallons per day (400,000 gallons per day peak flow) and a future Phase II capable of treating an average daily flow of 200,000 gallons per day (800,000 gallons per day peak flow). The initial term of the agreement is twelve months commencing the first day of the month following substantial completion and startup of Phase I. The term of the agreement for Phase II is 36 months commencing the first day of the month following substantial completion and startup of Phase II. If each Phase installation is not complete within 180 days of engineer notification, the District may terminate the contract under the terms of the contract.

Phase II installation costs total \$77,000, payable in partial payments. Phase I lease payments total \$91,200 payable in 12 monthly installments of \$7,600, with first and last month payable upon execution of the agreement. Phase II lease payments total \$460,800, payable in 36 monthly installments of \$12,800. The agreement may be extended on a month-to-month basis after the initial terms (either Phase I or Phase II) with Phase I extended term monthly rental payments of \$7,600 and Phase II extended term monthly rental payments of \$11,600.

The District has the option to purchase the Phase I and/or Phase II equipment as is, where is at any time during the initial term of the agreement or under any month-to-month extension of the agreement for a residual value as outlined in the agreement.

During a prior year, the District exercised the option to purchase the Phase I equipment for \$490,190. Phase II construction has not been started at this time.

NOTE 10. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, error and omission and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage and no settlements have exceeded coverage amounts since inception.

NOTE 11. NORTH FORT BEND WATER AUTHORITY

The District is located within the boundaries of the North Fort Bend Water Authority (the "Authority"). The Authority was created under Article 16, Section 59 of the Texas Constitution by Senate Bill 1798 (the "Act"), as passed by the 79th Texas Legislature, in 2005. The Act empowers the Authority for purposes including the acquisition and provision of surface water and groundwater for residential, commercial, industrial, agricultural, and other uses, the reduction of groundwater withdrawals, the conservation, preservation, protection, recharge, and prevention of waste of groundwater, and of groundwater reservoirs or their subdivisions, and the control of subsidence caused by withdrawal of water from those groundwater reservoirs or their subdivisions. The Authority is overseeing that its participants comply with subsidence district pumpage requirements. The District is required to convert its water supply to surface water over a period of time. A seven-member board of directors governs the Authority.

The Authority charges a fee, based on the amount of water pumped from a well, to the owners of wells located within the boundaries of the Authority, unless exempted. This fee enables the Authority to fulfill its purpose and regulatory functions. The current fees being charged are \$3.35 per 1,000 gallons of water pumped from each well and \$3.70 per 1,000 gallons of surface water purchased. Pumpage fees totaled \$152,533 during the current fiscal year.

NOTE 12. BOND SALE

On December 19, 2017, the District issued \$2,500,000 of Unlimited Tax Road Bonds, Series 2017. Proceeds from the bonds were used to reimburse developers for the construction and engineering costs of paving for Anserra Trail and Kingsland Boulevard; paving for Kingsland Boulevard, Phases 1 and 2, Cane Island Boulevard; pay capitalized interest; and pay issuance costs of the bonds.

Rodney Heisch	05/2016 – 05/2018 (Elected)	\$	-0-	\$	-0-	Assistant Secretary (Resigned)

Notes:

No Director has any business or family relationships (as defined by the Texas Water Code) with major landowners in the District, with the District's developers or with any of the District's consultants.

Submission date of most recent District Registration Form (TWC Sections 36.054 and 49.054): May 11, 2018.

The limit on Fees of Office that a Director may receive during a fiscal year is \$7,200 as set by Board Resolution (TWC Section 49.060). Fees of Office are the amounts actually paid to a Director during the District's current fiscal year.

See accompanying independent auditor's report.
